Dear Mark,

I wanted to notify you of a slight modification that needs to be made in my email below. A hard copy version of this report has not been mailed, and will not be mailed out to you. We have recently taken on a new policy to go completely electronic with our correspondences, and are attempting to eliminate issuance of hard copy submittals, whenever possible. My apologies for any confusion this may have caused. I am getting used to the new changes in our process.

Let me know if you have any questions on the approval, or any other aspect of the project.

Best Regards,

Cynthia
